Fellow Cattlemen,

I would like to welcome you to the Double A Land & Cattle dispersal. We started this adventure in the Red Angus breed in late 2014 with the purchase of a handful of cows. Several of those cows became the foundation of our donor herd. We have added to those cows through additional acquisitions and through our own production to arrive at the lots offered in this sale.

My family and I have been in the cattle business since the early '60s and started in the registered business in the late '70s. We are so thankful that we took the plunge into Red Angus in 2014. We have found the breed has a world to offer the beef industry, from easy calving bulls with high growth to high value calves to the amazing maternal side of the breed.

With the help of our longtime partner, Cole Abele, we have built a program of which we are all very proud. Our cattle have garnered acceptance from the show ring, to the commercial bull market, to the commercial replacement heifer market that we developed with our bulls and commercial-based Red Angus females. We owe much to Cole for his tireless work and eye for cattle.

It is with much reluctance that we offer you these lots for dispersal. I hope as you peruse this offering you can see why we are very proud of these cattle. I feel they could work in any program to make it even better.

Thank you for your consideration.

Dennis

ANNOUNCEMENTS...

Any changes to information of any kind in this catalog will be announced from the auction block and such announcements shall take precedence over printed material.

TERMS...

Terms of sale are cash unless satisfactory credit arrangements have been established. All settlements are to be made with the clerk of the sale immediately following the conclusion of the sale and before any cattle will be released from the sale premises.

RIGHTS AND OBLIGATIONS...

In the event of default in any part of the Terms and Conditions covering this sale by either the buyer, or the seller, it shall be the responsibility of the buyer or the seller, to instigate any action necessary to bring about a fair settlement of any claims arising from this sale and to be responsible for any and all cost involved therein. All persons who attend this sale do so at their own risk. Neither the owners, the sale manager nor any other persons connected with the sale, assumes any liability, legal or otherwise.

BIDDING...

Each animal for sale will be sold to the highest bidder. Each bid shall constitute an offer to purchase, and the final bid shall constitute a binding contract between the buyer and seller. The auctioneer will settle any disputes as to bids and his decision in such matters shall be final. Bids by phone, mail or wire will be accepted and handled confidentially.

LOT 1

Lots 1 through 31 are pairs that are the core of the quality of the Double A herd.

The balance of the offering emanates from these cows. They are a high quality set of Red Angus females that raise quality progeny and will add to any program. Look through this set of females for pedigrees and matings that are outstanding.

AA Ruby Red 965D is a dark red Soldier 365W daughter that we raised and have flushed successfully. She is a big-bodied, broody cow that transmits her power, body and udder quality into her calves—both her natural and her ET calves are extremely high quality. Her bull calf at side attests to this fact, as do her other progeny selling. If you want to raise the best, Ruby is a sure thing.

Smoky Y Lakota 1531C is a top donor in the Double A arsenal. She is a powerfully constructed female that is proportional through her front one third and sets on a big square foot with all the right angles and flexibility. She passes her outstanding phenotype on to her calves. Her show heifer daughters have garnered top dollar in auctions and at private treaty. You can see the quality of her and her daughters in the pictures shown, and throughout the sale offering. She just doesn't miss.

What a way to start the bull section of this offering. Bulls made like this is one of the main reasons we got into the Red Angus business to start with. He is stout and full of center dimension yet attractive from nose to tail. Whether you are a seedstock producer or a progressive commercial cattleman, ALT 441K can deliver the goods.

A big stout set of age-advantaged and yearling bulls that will add value to a calf crop

for registered or commercial cattlemen.

This set of bulls will sire the type of feeder cattle and replacement females that are in demand in the industry today. They have been developed with longevity and soundness in mind. They have

not been pushed and should be ready to go to work. All semen tests, required trich tests and scrotal measurements will be available sale day.
